

Dear FCC,I am shocked to hear that anyone is against XM Radio. I swear by it & use it's Instant Traffic & Weather everyday! Here in the Tampa area, storms can become severe quickly! As for the traffic reports, I have a choice of only two bridges to get to work. XM Traffic report steers me in the right direction everyday!

I love my XM & I ask that you please reject NAB's petition 04-160.

Thank you for your time,
James A. Streat III
